RUNNING A DIVERSE FARMING BUSINESS AND DEVELOPING NEW CROPS

with Peter Snell, Farmer
North Farm Horton

Peter runs the family business which is North Farm Horton based in Dorset near Wimborne. (https://northfarmhorton.uk/)
It is a diverse arable business growing a wide range of crops including specialist crops like grass seed, sunflowers, grain maize and straw for thatching. The business has diversifications that integrate with the farming to bring the public onto the farm.
